

Set Rate Bar Package Details

This package is a flat fee based on the number of your guests who are of drinking age. We will count all your guests over the age of 19 (we will make an exception for anyone who is pregnant) and charge a flat rate of **\$45 per person plus HST**. We will not count the number of drinks per person, although we reserve the right to limit or cut off service to any patron according to our legal responsibilities under the Liquor Control Act of Ontario.

The package includes:

- 1 bottle of our house red wine and 1 bottle of our house white wine per table during dinner
- Red and white house wines at the bar
- Standard bar rail (Bacardi White rum, Canadian Club rye, Tanqueray gin, Smirnoff vodka, Ballantine's or Johnny Walker Red scotch, and in-stock liqueurs)
- Standard 6 beer availability (Coors Light, Corona, Bud, Alexander Keiths, Stella, and Canadian)
- 2 coolers

Any substitutions or additions to the above, such as a premium liquor, premium beer or specific wine, will result in a premium and stocking fee being charged on top of the base rate. All requests for premium or specific brands must be made at least 12 weeks in advance of your event to help ensure we can order your request.

Please note that "shooters" and "doubles" are not included in this package. A gratuity of 15% will be added to the set rate package price upon invoicing.
